CHAIRMAN'S ANNUAL REPORT TO THE TCA
RUSSELL DEMPSTER

It is with great privilege that I present the 131st Annual Report on behalf of the Taranaki Cricket Association's Board of Directors for the 2025/26 season.

This has again been a season of significant achievement, development and, sadly, loss for Taranaki Cricket. Our Association continues to be supported by committed people across our clubs, representative teams, junior programmes, facilities, administration and volunteer network.

In Memoriam - Alistar Jordan

Sadly, during the summer we lost one of Taranaki's greatest cricketers, Alistar Jordan, following a long battle with cancer.

Alistar's contribution to Taranaki cricket was extraordinary. He represented Taranaki in 104 matches and took 375 wickets, making him Taranaki's highest-ever wicket-taker. It is a remarkable record and one that I believe will never be beaten.

While those statistics alone demonstrate the magnitude of his contribution, Ali's influence on Taranaki cricket went well beyond his performances on the field. He was a highly respected cricketer, teammate, coach, mentor and supporter of the game, and his contribution has been felt by generations of Taranaki players.

Ali remained passionate about cricket and about Taranaki throughout his life. His achievements and commitment have secured his place in the history of our Association, and his legacy will continue through the many players and people he influenced during his cricketing journey. Taranaki Cricket has lost one of its great cricketers, great contributors and great people. Ali will be sadly missed, but his legacy will remain a permanent part of Taranaki cricket.

We also said goodbye to Wayne Martin – a true servant of the game and a man who will be greatly missed.

Hawke Cup

The Hawke Cup once again provided some of the most memorable moments of the season.

Following the outstanding success of the previous season, when Taranaki regained the Hawke Cup after an 18-year absence and successfully defended it, our representative team entered this season as holders.

he opportunity to defend the Hawke Cup on our home ground and represent Taranaki at this level remains a great privilege for our players and support staff.

One of the highlights of the season was the victory over Hawke's Bay, where Will Young (107*) and Josh Borrell (130) both scored centuries in an outstanding batting performance.

The achievement was made even more significant by the quality of the Hawke's Bay side, which contained a large number of Central Districts players. To perform at that level against such a strong opposition was a great reflection of the quality and depth within the Taranaki team.

While our tenure as holders eventually came to an end, the achievements of this group over the past two seasons should not be underestimated.

To regain the Hawke Cup and successfully defend it through multiple challenges was a significant achievement for Taranaki Cricket and will remain an important chapter in our Association's history.

I would like to acknowledge all the players, coaches, selectors and support staff who contributed to this outstanding period of Hawke Cup cricket.

Representative Cricket

Our representative programme continues to provide an important pathway for talented Taranaki players and coaches, and it is particularly pleasing to see people who have come through Taranaki Cricket continuing to develop and achieve at higher levels of the game.

Will Young again represented the Blackcaps during the season and continues to do the province proud on the international stage. Will's achievements are a wonderful reflection of the talent developed through Taranaki Cricket and the pathway provided by our clubs and representative programmes.

We also saw an exciting new chapter in the career of Tom Bruce, who changed his international allegiance to Scotland in 2025 after previously representing New Zealand. Tom was selected in Scotland's squad for the 2026 ICC Men's T20 World Cup, giving him the opportunity to represent another country on cricket's biggest international stage. Tom's selection was particularly significant for Taranaki, given his long association with the province and his contribution to Taranaki cricket.

Seeing two players with strong Taranaki connections, Will Young representing New Zealand and Tom Bruce representing Scotland, at international level is something our province can be extremely proud of.

It has also been pleasing to see Chris Coombe continue to grow his coaching skillset, taking up a winter role with Samoa Cricket as Head of High Performance and Head Coach of the Samoa national cricket team.

This provides Chris with a valuable opportunity to gain further international high-performance coaching experience, while also bringing new knowledge and experience back to Taranaki Cricket. It is a great example of the development opportunities available to our coaches and the quality of coaching talent we have within our province.

Our Taranaki women's programme also enjoyed a particularly successful season, with Grace Foreman and Jessie Hollard both earning full Central Districts Hinds contracts. This is a significant achievement for both players and reflects the continued development of women's cricket within Taranaki.

A special mention must go to Jessie Hollard, who has earned her first full-time contract, an outstanding milestone in her cricketing journey and one that we should all be proud of. It was also pleasing to see Taranaki women's coach Kerry Tomlinson among the contracted Hinds players.

Another very positive development has been the real growth of veteran cricket across Taranaki. We have seen a large number of Taranaki players representing the province across the Over 40s, Over 50s, Over 60s and Over 70s age groups. This is a fantastic reflection of the enduring appeal of cricket and the fact that our game can provide opportunities for people to continue playing and representing Taranaki throughout their lives. The enthusiasm of our veteran players is a great example of the lifelong connection people can have with cricket.

Seeing Taranaki players and coaches progressing from junior and club cricket through to Central Districts, international cricket and veteran cricket demonstrates the breadth of our game and the strength of the cricket community across the province. That pathway is something we must continue to invest in and strengthen for the benefit of future generations.

Growing the Game

One of the most encouraging aspects of Taranaki Cricket continues to be the growth in participation numbers across the province.

We have seen an increase in playing numbers year on year, with the biggest areas of growth being in junior and youth cricket, as well as female cricket. Last season, we had 1,530 cricketers participating across the Taranaki region, which is a very positive indication of the health and future of our game.

The continued growth in junior and youth cricket is particularly encouraging. It provides the foundation for the next generation of players and ensures our clubs have a strong base from which to develop future representative cricketers.

The growth in female cricket is equally pleasing and reflects the increasing opportunities available for girls and women to participate in our game. We must continue to support this growth and ensure that female cricket has a strong and sustainable pathway from junior participation through to club, representative and higher-level cricket.

The SmashPlay programme has also continued to provide young people with an opportunity to experience cricket in a fun, accessible and inclusive environment, helping introduce more children to the game.

While participation numbers are important, our challenge is to ensure that we retain these players as they progress through the age groups and encourage lifelong involvement in cricket — whether as a player, coach, umpire, administrator, volunteer or supporter.

Having 1,530 cricketers participating across Taranaki is

a significant achievement, and we should be proud of the work being done by our clubs, schools, coaches, volunteers and the TCA team to grow our game.

Facilities

A major highlight for Taranaki Cricket has been the continued development of the Sulzberger Indoor Centre.

The extension provides a significant investment in the future of cricket in Taranaki and will support player development, representative programmes, junior cricket and community participation for many years to come.

Facilities such as this provide Taranaki Cricket with the opportunity to develop our players and grow the game regardless of weather conditions, while providing a long-term asset for the cricket community.

Pukekura Park

Pukekura Park remains an important part of the identity and history of Taranaki Cricket.

It has provided a stage for generations of Taranaki cricketers and remains a special venue for representative cricket.

Maintaining a venue of this nature does, however, come with significant costs and challenges. The continued support of our partners and stakeholders will be important as we look to ensure Pukekura Park remains a high-quality cricket venue for future generations.

Governance and Administration

Good governance remains an important focus for the Association.

The work undertaken to review and modernise the Taranaki Cricket constitution has provided a stronger framework for the future and ensures our governance structure remains fit for purpose.

After five years of dedicated service, we say goodbye to Emma Bennett, who is stepping down from the Taranaki Cricket Board after taking up a new role based out of Wellington. With the increased travel commitments associated with her new position, together with family commitments, there simply weren't quite enough hours in the day for Emma to continue in her Board role.

Emma has been a fantastic Board member and has made a significant contribution to Taranaki Cricket during her five years of service. Her human resources expertise and experience have proved extremely valuable to the Board and the wider Association, particularly in helping us navigate the people and organisational matters that are so important to a modern sporting organisation.

On behalf of the Board and Taranaki Cricket, I would like to sincerely thank Emma for her commitment, contribution and friendship over the past five years. We wish her every success in her new role and look forward to seeing her around the cricket community in the future.

I would also like to acknowledge my fellow Board members for their continued commitment and support. Much of the work undertaken at Board level occurs behind the scenes, but it is essential to ensuring Taranaki Cricket remains financially responsible, strategically focused and well positioned for the future.

I would also like to acknowledge our General Manager Ryan and

the wider TCA team for their continued hard work and commitment. The day-to-day operation of Taranaki Cricket involves an enormous amount of work, much of which goes unseen.

Clubs and Volunteers

At the heart of Taranaki Cricket are our clubs and the many volunteers who give their time to ensure cricket continues to be played across the province.

Coaches, managers, umpires, scorers, administrators, parents and volunteers all play an important role. Without these people, cricket simply would not operate.

Our clubs are the foundation of Taranaki Cricket, and supporting their sustainability and growth must remain a key priority for the Association.

Financial Environment

Like many sporting organisations, Taranaki Cricket continues to operate in a challenging funding environment.

Gaming funding has reduced significantly over recent years, while the cost of delivering cricket, maintaining facilities and supporting representative programmes continues to increase.

This makes the support of our sponsors, funding partners and wider cricket community increasingly important.

We also continue to watch with interest the direction New Zealand Cricket takes with the shortened forms of the game at domestic level. With the Super Smash having played out this season, attention now turns to what appears likely to be a privately owned NZ20 competition.

While there remains some uncertainty around how this new competition will develop, we will be watching closely to understand what impact, if any, these changes have further down the cricket pathway and at district level.

For Taranaki Cricket, the key consideration will be whether these developments can ultimately provide greater financial stability and sustainability for district cricket, while continuing to support the development of players, coaches and the wider game throughout the provinces.

We will continue to engage with New Zealand Cricket and monitor these developments carefully, ensuring that Taranaki Cricket is well positioned to respond to any changes and opportunities that may arise.

I sincerely thank all those organisations and individuals who continue to support Taranaki Cricket. Your contribution allows us to provide opportunities and facilities that would

Looking Forward

As we look ahead, our focus must remain on building a sustainable future for cricket in Taranaki.

That means continuing to grow participation, strengthening our clubs, developing young players, supporting our representative teams, investing in facilities and maintaining strong relationships with our sponsors, funding partners and community stakeholders.

The loss of the Hawke Cup does not diminish what that group achieved. The challenge now is to build on the foundations that have been established and develop the next generation of Taranaki cricketers.

We have demonstrated that a provincial association can compete successfully at the highest levels of domestic representative cricket.

We have talented young players coming through, improving facilities and a passionate cricket community. Our responsibility is to ensure that these foundations are strong enough to support Taranaki Cricket for many years to come.

Thank You

Finally, I would like to thank the TCA Board for their support throughout the season and acknowledge the enormous contribution of our General Manager Ryan and the wider TCA team.

Thank you also to our players, coaches, selectors, clubs, volunteers, umpires, scorers, sponsors, funding partners and supporters.

Most importantly, thank you to everyone who continues to give their time and energy to cricket in Taranaki.

The strength of Taranaki Cricket has always been its people. The contribution of people such as Ali Jordan reminds us of the history, passion and commitment that have built our game.

It is our responsibility to honour that legacy by continuing to grow and strengthen cricket for the generations that follow.

Russell Dempster
Board Chairman
Taranaki Cricket Association

FINANCIAL REPORT TO THE TCA
GREG SHEARER

On the surface 2026 was a very healthy financial year, but the financial result needs to be put into the proper context, as explained below.

The before Depreciation Surplus of $86.6k (previous period deficit of $8.1k) arises solely due to accounting treatment of the indoor centre project, which was also the main factor behind the previous year's Deficit.

The completion of the indoor centre extension and upgrade has been a real highlight of the season, but it has been a large and complex project financially which, as previously noted, has spanned two financial years with impact split across the two.

After deducting depreciation of $22.1k, our final 2026 result was a Net Surplus of $64.5k (Net Deficit of $23.8k for previous period). The Depreciation charge was $7.5k higher the previous period, driven by the indoor centre charge. The only other major capital item purchased during the 2026 year was a shipping container ($7k) for storage at our new offices at Sport Taranaki.

For the 2026 Financial Year, our Accountants Unlimit, for a number of reasons, have advised us to capitalise all Indoor Centre costs, and these now sit on our books as "Leasehold" assets.

Indoor centre impact aside, the underlying operating environment for TCA remains challenging and would have shown a small pre-depreciation Deficit of about $7.5k – a result that would better reflect the ongoing tough economic conditions.

Our Board and Management continue to place a big focus on monitoring our financial performances and any challenges are identified and addressed. Key financial metrics are reported at every Board meeting and departures from Budget or significant variances are monitored and discussed.

A significant piece of work was undertaken this year to develop a modern Finance Policy. This piece of work ensures we are up to speed with best practice governance and readying ourselves for future anticipated compliance requirements. The policy covers delegations of authority, budgeting and reporting standards, reserves, cash handling, stakeholder engagement guidance, asset management, insurance, fraud and reporting controls and conflict of interest management. A big thank you to Director Tara Fevre for her commitment and drive to lead this important piece of work with the General Manager, on behalf of Directors.

Revenue significantly increased this year, up close to $58k on 2025. This was again due primarily to an increase in Grants, Donations & Sponsorship (up $65k on the back of grants for the indoor centre) but offset by a reduction in Promotions Income (down $5k due to fewer CD games hosted) and a reduction in Interest Income (down $5k as TCA reserves were utilised to go towards the indoor centre). Sulzberger Centre Hire (up $4k) was boosted as the new and vastly improved centre came back online heading into late summer/winter. It has been a very popular facility since the completion of the project, and the next step is to look at an upgraded booking and security system to help us efficiently manage the demand.

Expenses dropped on the previous year (down $30k) with key variances being reduced Senior Competitions Costs (down $16k due principally to the loss of the Hawke Cup), Repairs & Maintenance costs reduced by $24k (as indoor centre costs from this year were capitalised) and changes to the amount of stock on hand held by TCA as uniform and ball inventories change.
Offsetting these reductions

FINANCIAL REPORT TO THE TCA
GREG SHEARER

were increased Salary and Wage costs (up $11.6k) and higher Age Group Cricket costs (up $15k), largely due to running two additional junior development teams this year.

We remain pleased to continue receiving all our base and reward funding from NZC and have recently entered into a funding agreement for the season ahead. It is anticipated that with a new "Master Agreement" being negotiated by NZC this season that changes may be on the way in how District Associations are funded so we await the outcomes of those negotiations with interest.

Grants, Donation and Sponsorships remain our most important revenue streams and our General Manager works very hard to ensure we are maximising income from these sources. A notable new sponsor secured over the past season was KDJ Catering, and we thank Kymon Hill and his team for coming on board to support cricket in our province.

We especially thank the team at Whitaker Civil Engineering for their ongoing support as our principal partner, as well as the teams behind our other major partners: Bartercard, Timberco, Expert Turf, and Physiotherapy@ Carefirst for their contributions and support for our association. A big thank you to all of our sponsors for supporting us to keep our cricketing community afloat. With gaming trust funding trending downwards, our sponsors are vital to keeping us ticking over and we are extremely appreciative to you all, whilst operating in a challenging environment yourselves. To all our TCA stakeholders, please support our sponsors where you can.

We realise that our member clubs also face the same financial pressures, and in recognition of this fees for the upcoming season are again only modestly increased (3%). TCA works hard to keep user-pays costs to a minimum and is always available to talk to clubs and try to help them with any issues they face.

Our 2026/2027 Budget was finalised in August and from a starting point is looking healthier than the past couple of years. Managing cashflow is always a key concern and this has been mitigated somewhat this winter through extended staff leave, which has helped the bottom line. Our General Manager has been working towards securing funding from new sources and we are optimistic about these opportunities. We are also looking at ways we can invest additional revenue back into our community to ensure best bang for buck and while helping the sport grow and remain strong in our province.

Our Statement of Financial Position has grown with Net Assets of $360k - $64k higher than previous period. This again reflects the completion of the Indoor Centre. Bank accounts and cash of $31k are significantly down on last year as a result of the investment into the indoor centre. Liabilities are also significantly reduced (from $103k to $30k), mainly due to an accounting entry last year to represent grants which were held over for use on the indoor centre now being utilised.

Investments have reduced to $95k, with money used for the indoor centre and also the purchase of a shipping container for storage at our new home at Sport Taranaki. Our new Finance Policy sets desired reserve levels at $100k, and a plan is in place in the new budget to get reserves back to that level.

We continue our relationship with Unlimit (previously Velocite), and thanks to Paul Petrowski and his team for their perspectives and assisting the GM with budgeting advice and other accounting support. This partnership is of huge benefit to our association. We also sincerely thank Baker Tilly Staples Rodway for their

support over many years with our "audit review". This year, the Board opted to not have the annual accounts reviewed in light of new compliance laws designed for smaller Incorporated Societies.

TCA's financial performance remains credible and creditable and we are well-positioned to meet future challenges or take advantage of financial opportunities.

Director
Finance & Commercial
Subcommittee

GENERAL MANAGER'S ANNUAL REPORT TO THE TCA
RYAN EVANS

It is always a pleasure and a privilege to present this report to our Members and I am pleased to present you with another season of solid progress for our Association. Taranaki Cricket remains acknowledged around the cricketing network as a high-performing DA and as always there are many to thank for our strong position.

First and foremost to you, our member clubs and all your members, players, coaches, administrators and volunteers that put in the hard work every week to keep our game ticking over. Many hours go into the numerous tasks required to keep your clubs running. The work often goes unacknowledged, but I know the effort that goes in and I thank you all for your mahi season after season.

At TCA, a big thank you to the staff who drive so much of what we are able to achieve. In Chris, Liam and Jordan we have a wonderfully capable crew working hard towards the ongoing success of our organisation.

At Board level we remain well-served by high calibre governance officers – we are fortunate to have the game in our province in the hands of such a quality board. Thank you all for your efforts and support and a special note of thanks to the departing Emma Bennett for the support she has given me over a wide range of issues over the years. She will leave big shoes to fill.

We owe a big thank you to the volunteers that help us directly at TCA as well – your contributions help us keep cricket running smoothly across so many levels and are hugely appreciated.

We are especially grateful to our commercial partners and sponsors. What a fantastic bunch of Taranaki businesses they are and we simply couldn't operate our association the way we do without their support. A huge thank you, and especially to Whitaker Civil Engineering our principal partner, and our other major partners Bartercard, Timberco, Expert Turf and Physiotherapy@Carefirst. We all know it is not an easy time for anyone financially and their support for us through that is huge.

To our players, coaches and managers, thank you for the way in which you have represented our association – at whatever level you have been involved. Our teams have again exemplified the way Taranaki teams play sport – working hard to perform to the best of their abilities, fighting until the final ball, and staying humble in victory and gracious in defeat. You are a credit to us all and we thank you for your efforts on and off the field.

And there's no better place to start than on the field when reviewing the highlights of the year. We may not have reached the dizzy heights of 2024/25 but there was still plenty to celebrate and be proud of as an Association.

Our Hawke Cup tenure came to an end, but not before a

standout win over Hawkes Bay – a match that had a fairytale quality to it with Will Young returning to score his first century for Taranaki. The side can hold their heads high for what was achieved during their run. It was a tenure that will rightly hold a treasured place in Taranaki's cricketing history.

Finishing runners-up in the T20 Chapple Cup was a bittersweet highlight. A fantastic performance saw Taranaki take the final to the very last ball and fall only just short to a Manawatu side with a number of seasoned CD performers in their ranks.

A good season with the ball saw Ben Frewin earn selection for Central Districts for two Plunket Shield encounters and while he didn't take the park his time must surely be coming. Well done Ben.

Congratulations also to Will for another season with the Black Caps and to Tom Bruce for his efforts in making the Scotland side. Will was deservedly honoured for his exploits at the Taranaki Sports Awards, where he took home the Senior Sportsman Award and also the supreme award for Overall Sportsperson. The ceremony was also notable for Aimee Watkins' induction into the Taranaki Sports Hall of Fame. Congratulations to both.

Our women's team also performed credibly, and while the results may not have come on the field, it was clear that positive changes were taking place within the group. We welcomed coach Kerry Tomlinson to the team, and her mana was a key to the environment created. We're pleased to welcome Kerry back again this season, and we hope that with another year under their belts the team's off-field cohesion will start to flow into on-field success.

Congratulations also to Grace Foreman and Jessie Hollard, two homegrown players who will represent the CD Hinds this summer, Jessie for the first time.

Our junior representative teams all had positive seasons. A big thank you to those who gave up their time as coaches and managers, well done to all the players who did themselves proud and congratulations to those who made junior CD teams. Our future is looking bright with the quality of young talent coming through.

Well done also to Jack Rangiwahia for his selection for the Aotearoa Māori Schoolboys side, to Ella Wanahi, selected for the NZ U16s indoor cricket team, and to veteran players Roger Stachurski, Craig Morris, Lincoln Reed, Steve Cunningham, Greg Shearer and Greg Alexander for their selection for various NZ veteran's sides.

At club level, it was fantastic to see some of our titles on the move and particularly the Expert Turf Premier One Day title, which headed to Stratford, remarkably the first time the club won a premier title in a century! The final against Inglewood was a great day for Taranaki cricket. Congratulations to Stratford and to our title winners across all competitions.

To Tony Boshier and your umpires at the TCUSA – you do a fantastic job for our clubs and we remain the envy of other associations when it comes to the number and quality of match officials in our ranks. Thank you for the hard work you put in.

There were a number of other important highlights through the year:

The completion of the extension and revamping at the Sulzberger Indoor Centre has been huge. The surge in use

since it reopened shows the investment made was essential and we look forward to getting the most out of this space for years to come.

We relocated our offices to the Sport Taranaki complex at Stadium Taranaki. The move has been superb so far, and we thank the Paritutu Bowling Club for having us at their premises for so many years, and also to the teams at Sport Taranaki and Netball Taranaki for their welcome. Along with being a modern and comfortable space, we hope to see real benefits from close collaboration with other codes around us.

Our Constitution was renewed and adopted, thank you especially to Neil Sulzberger for the time and effort you put in on this piece of work.

Work to continue revamping our junior competitions and programmes continued and was successful. We especially thank the following: Sheryl Firth, Ryan Fleming, Mark Wales, and Aaron Zame as well as Josh Sandford in South Taranaki for their work in our junior and girls spaces.

Our Census figures for the season show continued growth in both junior and girls cricket (helping boost overall player numbers as well) and a lot of it is due to the work they are doing to make sure our junior competitions and programmes are fit for purpose. More changes are being worked on for this season and we are optimistic they will further enhance both participation growth and skill development in our tamariki.

Congratulations also to Mangorei Cricket Club for their deserved acknowledgement as CD Club of the Year.

Finally, I would like to take a moment to acknowledge the contribution of Alistar Jordan to our Association. I knew Ali for only a short few years but I could never fail to be impressed by his huge passion for cricket in our province. He will be hugely missed, but his legacy will live on.

There is plenty to look forward to in the season ahead as we look to continue to build and grow on the momentum created over the past couple of years.

Thank you all again for your support, hard work and passion for our sport and our organisation. We are a respected Association in good heart, well-positioned to meet future challenges. So much of that is due to the quality of the people we have among us, who make our Association what we are.

Best of luck to you all for the season ahead.

Ryan Evans
General Manager

TARANAKI CRICKET UMPIRES AND SCORERS ASSOCIATION REPORT
TONY BOSHIER

The 25/26 season was another busy one for umpires in the Taranaki region.
We welcomed new umpires Bradley Kemp and Nick Bettington.
Well known identity, Ross Landon-Lane (Phantom) carried on as our Patron. Thanks to Kevin Kerr for his work as Secretary.
As always in Taranaki we have solid numbers compared to other regions.
Brendon Keighley, Chris Judson and Nathan Andrews carried on their splendid officiating from previous seasons. Special mention to Nathan, who made his Furlong Cup and Chapple Cup debuts.
Also, Chris made his first appearance at a tournament in Lincoln, with the Girls First XI cup.
Only five other CD umpires officiated at tournaments in Lincoln during the season.
Finally, thanks to Ryan Evans and TCA for their continued support.

PERFORMANCE AND TALENT

CHRISTOPHER COOMBE - Director of Cricket

As Director of Cricket, I am pleased to present the Performance and Talent section of the Taranaki Cricket Annual Report.

This section reflects the performances, progress and achievements of our representative programmes throughout the season, from our Junior Representative teams through to our Senior Men's, Women's and A programmes.

Representative cricket plays an important role within the Taranaki Cricket pathway. Our programmes aim to provide players with an environment where they can challenge themselves, develop their skills and understanding of the game, and continue progressing towards the next level of their cricketing journey.

This report recognises the achievements of the players who have proudly represented Taranaki throughout the season. It highlights the performances and milestones of our Senior Representative teams, alongside the development and progress of our Year 9-10 and Year 11-13 Boys' and Girls' representative programmes.

While results and performances are an important measure of success, representative cricket is also about developing people and creating experiences that help players grow both on and off the field. We remain focused on providing challenging, enjoyable and high-quality environments that prepare our players for the next stage of their development.

The success of our Performance and Talent programmes would not be possible without the commitment of our coaches, managers, selectors, volunteers and supporters. I would like to sincerely thank everyone who has contributed their time, knowledge and energy throughout the season. Your commitment to our players and programmes continues to play a vital role in the strength of cricket in Taranaki.

Finally, congratulations to every player who wore the amber and black this season. Representing Taranaki is a privilege, and it is exciting to see so many players continuing to develop and progress through our pathway.

Together, we continue to build a strong and connected pathway and create representative teams that Taranaki can be proud of.

Christopher Coombe
Director of Cricket

PERFORMANCE AND TALENT
SENIOR REPRESENTATIVE

Taranaki Men

The 2025/26 season was another outstanding year for Taranaki Men's representative cricket, highlighted by a number of memorable performances across both Hawke Cup and Chapple Cup competition.

The season's standout achievement came in the successful defence of the Hawke Cup against Hawke's Bay, with Taranaki producing a commanding performance to retain the Cup.

Will Young's maiden honours board performance proved a defining contribution, steering Taranaki to another memorable victory and further cementing the team's growing reputation in the Hawke Cup arena.

Taranaki also produced an excellent Chapple Cup campaign, finishing runners-up after a heartbreaking one-run defeat to Manawatū in the final. The result capped off a brilliant tournament in which Taranaki won all of its pool matches, including a superb victory over a star-studded Hawke's Bay side. The campaign once again demonstrated the depth, resilience and competitive spirit that continues to drive the programme forward.

There were also plenty of individual milestones throughout the season, with a number of players earning honours board performances and making significant contributions to the team's success. Collectively, these performances contributed to another strong finish and continued the momentum built over recent seasons.

The season also marked the farewell of two stalwarts of Taranaki Cricket, Mattie Thomas and Ryan Watson. Both have made significant contributions to the representative programme and leave behind a lasting legacy through their commitment, leadership and service to Taranaki cricket. We thank them for everything they have given to the team and wish them both every success in the next chapter of their life journeys.

A sincere thank you must also go to Manager Pete Wisnewski and Ian "Snooky" Snook for their continued commitment and efforts in supporting the team throughout the season. Their work behind the scenes plays an important role in creating an environment where our players can perform at their best. Finally, thank you to our wider cricket community, supporters and TCA staff for once again getting behind the team throughout the season. Your continued support, both at the ground and behind the scenes, remains an important part of what makes representing Taranaki so special.

Coach - Chris Coombe

PERFORMANCE AND TALENT

SENIOR REPRESENTATIVE

The 2025/26 season was a positive step in the right direction for Taranaki Women's team, both on and off the field. The appointment of Kerry Tomlinson as Head Coach brought strong leadership and a clear focus on developing the team and creating a positive environment for players to grow.

The playing group was strengthened by the experience of two contracted Central Districts Hinds players, Grace Foreman and Kerry Tomlinson, whose knowledge and experience at the higher level were key to the team's growth. CDA members Jessie Hollard and Emily Cunningham also added valuable representative experience to the group.
The TCA Development Squad provided an exciting pathway for emerging players, with Zoe Miller, Callie Visser, Bryanna Moir, Evie Anders and Ella Wanahi selected. Their inclusion reflects the depth of talent coming through Taranaki Women's cricket.
The season has provided a strong foundation to build on, with the focus now on continued player development, greater consistency and strengthening the pathway for female cricketers across Taranaki.

Taene Nelley

Due to a packed representative schedule, the Taranaki Men's A side played just one fixture during the season, taking on a strong Whanganui team in an important early-season opportunity.

The match provided a valuable platform for up-and-coming players from the wider Taranaki Men's squad to showcase their talent and demonstrate their ability to perform at Furlong Cup level. With the A programme playing an important role in the province's performance pathway, the fixture gave players the opportunity to test themselves against quality opposition and put their hand up for higher honours.

The match also created valuable opportunities for Taranaki's next generation of representative players, with Under-17 and Under-19 players given the chance to lock horns with a strong Whanganui side. Their involvement was another important step in exposing young players to senior representative cricket and helping bridge the pathway towards the Taranaki Men's team.

While opportunities for the A side were limited this season, the fixture remained an important part of Taranaki Cricket's performance and talent pathway, providing emerging players with meaningful exposure and experience at a higher level.

A big thank you goes to Peter Ingram, who once again assisted the group as Head Coach on the day. Peter's continued commitment to supporting and developing Taranaki's emerging players is greatly appreciated, and his experience and guidance remain an important part of the programme.

Taranaki 'A' 276/9

Asher Ryan 1/30
Davis Mills 1/32

Taranaki Won by 60 runs

PERFORMANCE AND TALENT

JUNIOR REPRESENTATIVE

Taranaki Year 10 Boys

The Cross Country Rentals Year 10 Boys representative side enjoyed a highly valuable tournament in Levin, with the group experiencing a range of formats, exciting finishes and important learning opportunities.

The tournament began with a thrilling four-run victory over Wellington Black, with Ashton Smith producing an outstanding unbeaten 70 and Levi Fieldes taking 3/25 to help Taranaki defend their total on the final ball of the match. The boys continued to show encouraging progress throughout the tournament, with strong individual performances from Lucas Erb, Keshara Jayasinghe, Cole Hopkinson and Jesse Williams.

A particular highlight came in the 50-over fixture against Horowhenua-Kāpiti. Outstanding bowling and fielding restricted the opposition to 168, with Keshara Jayasinghe taking an impressive 4/28. After an early loss of wickets, Jesse Williams and Cole Hopkinson steadied the innings before Hopkinson's unbeaten 58, supported by an excellent unbeaten partnership with Jayasinghe, guided Taranaki to a six-wicket victory.

Although the final day was washed out, the tournament was a hugely positive experience for the group. The boys demonstrated significant growth, resilience and a willingness to learn, while developing their ability to adapt across T10, T20 and 50-over cricket.

A special thank you to all players, coaches, parents and supporters who contributed to the tour, and to Cross Country Rentals for their continued support of Taranaki representative cricket.

PERFORMANCE AND TALENT

JUNIOR REPRESENTATIVE

Taranaki Year 9/10 Girls

The Cross Country Rentals Year 9–10 Girls representative side enjoyed a successful and memorable tournament, finishing third overall despite a disrupted schedule due to heavy rain and thunderstorms.

The girls opened the tournament with an impressive comeback victory over Whanganui before rain significantly affected the following day's schedule. When play resumed, the side faced a busy day of T15 cricket and showed excellent resilience and adaptability throughout.

A standout performance came against Manawatū, where positive batting contributions from Maddie Kearns-Grieve, Emma Wasley and Emma Taylor helped Taranaki post 105/3 before a disciplined bowling and fielding effort, including three run-outs, restricted Manawatū to 58. In the third-place playoff against Nelson, the girls showed tremendous character after slipping to 3/12 in their chase of 104. A crucial 63-run partnership between Rheanna Mack and Emma Wasley swung the momentum back in Taranaki's favour, before the team calmly completed the chase to secure third place.

The tournament was a fantastic example of the group's skill, grit and connection, with the players continuing to enjoy their cricket while representing Taranaki with pride both on and off the field. Emma Wasley was recognised as the team's Most Valuable Player, while Emma Taylor received the Most Improved Player award.

A special thank you to coaches Aaron Zame and Brendon Taylor for their work and commitment to the group, and to Manawatū Cricket for hosting an enjoyable tournament.

PERFORMANCE AND TALENT

JUNIOR REPRESENTATIVE

Taranaki Year 11/12 Boys

The Cross Country Rentals Year 11–12 Boys enjoyed a highly valuable representative tournament, showing significant growth both on and off the field across four days of cricket.

The tournament provided the group with experience across both 50-over and T20 formats, with the team continuing to improve their running between the wickets, fielding and ability to adapt to different game situations. After a challenging start against Hawke's Bay and Nelson, the boys showed excellent resilience to bounce back strongly through the T20 phase of the tournament.

There were a number of standout individual performances, including strong contributions with the bat from Charlie Broadmore, Cohen Riddick, Jackson Sleep and Michael Megaw, while Theo Soothill, Lorcan Honeyfield, Cohen Riddick and Jackson Sleep led the way with the ball. The side recorded impressive victories over Wairarapa, Hawke's Bay and Manawatū, with their ability to respond to setbacks and play for each other a real highlight.

The tournament was an excellent example of the growth of the group, with the players displaying the Naki spirit, resilience and increasing maturity throughout the week. A special thank you goes to the parents and supporters who travelled and supported the team, as well as the players for the way they represented Taranaki both on and off the field.

PERFORMANCE AND TALENT

JUNIOR REPRESENTATIVE

Taranaki Year 11-13 Girls

The Cross Country Rentals Year 11–13 Girls representative side finished their tournament on a high, producing two outstanding performances on the final day to win the B Bracket.

In the B Bracket Semi-Final against Marlborough, Taranaki elected to bat and posted a competitive 165/8. Kiara Scott anchored the innings with a composed 42 from 48 balls, while Charlotte Blackmore added 23 from 20 deliveries. Bryana Moir provided late momentum with an impressive 42 from just 28 balls. With the ball, the team maintained pressure throughout the Marlborough innings, with Mahinarangi Rutene and Callie Visser claiming two wickets each to help secure a place in the final.

The girls then backed up strongly in the B Bracket Final against Whanganui. A crucial early run-out from Callie Visser set the tone before Maddie Mackenzie produced an outstanding spell of 3/6, supported by Charlotte Blackmore with 2/6, as Whanganui were bowled out for 91.

Captain Niamh Moriarty led from the front in the chase, scoring 47 from 45 balls, while Callie Visser contributed an unbeaten 36 from 37 deliveries. Their 73-run opening partnership provided the perfect platform as Taranaki comfortably reached the target to secure the B Bracket title.

It was a fantastic way for the group to finish the tournament, showcasing the resilience, skill and continued development of this talented group of young players.

DEVELOPMENT PROGRAMMES

LIAM MUGGERIDGE - Development Officer

The Junior Development Programme continued to provide a structured pathway for Taranaki's emerging young cricketers, with a focus on developing skills, building confidence and providing quality opportunities to challenge themselves against players from outside the region.

The programme was structured across three phases throughout the season. Phase One focused on preparation, with players taking part in three high-quality training sessions delivered by Taranaki Cricket, followed by three intersquad playing opportunities. This provided players with a balance of focused skill development and competitive cricket, while allowing coaches to identify areas for continued development.

Phase Two saw players take their development on the road through a series of camps and tournaments. These experiences provided valuable exposure to different playing conditions, opposition and environments, while also developing important qualities away from the cricket field, including resilience, independence, teamwork and adaptability. The camp reports on the following pages provide an overview of these experiences.

The final phase focused on inter-district cricket, giving players further opportunities to compete against cricketers from different regions. These matches provided another important challenge and allowed players to experience different styles of cricket while continuing to develop their game awareness and confidence.

Across all three phases, the emphasis remained firmly on development rather than simply results. The programme provided players with more opportunities to train, play, travel and learn, while giving coaches the opportunity to support players through different stages of their development.

Following a review of the programme and positive feedback from players, families and coaches, we are pleased to continue with a very similar development programme this coming season. The feedback reinforced the value of providing young cricketers with consistent training, quality match opportunities and exposure to cricket beyond Taranaki.

A special thank you to the parents who got involved as coaches and managers through the season to help lead and run these programmes - you all did a fantastic job.

Developing our junior pathway remains a key priority for Taranaki Cricket, and we look forward to continuing to provide these opportunities for our young players as they progress through the pathway.

Liam Muggeridge
Development Officer

DEVELOPMENT PROGRAMMES

JUNIOR DEVELOPMENT PROGRAMMES

Year 5/6 Boys

Staff: Mark Cleaver & Fiona Jansma

The team produced an impressive three wins from six matches, with victories over Wellington Collegians Gold, Havelock North Summit Capital Gold and Taradale Year 6. Their win over Taradale was a particular highlight, with the boys holding their nerve to secure a thrilling last-ball victory.

Across the tournament, the team showed significant growth, competing strongly in challenging conditions and demonstrating excellent teamwork, resilience and enthusiasm. There were also several outstanding individual performances, with strong contributions across both batting and bowling. Most importantly, the tournament provided a valuable development opportunity for the players, with five of the squad still eligible for the age group next season. The experience gained in Hawke's Bay provides an exciting foundation for the continued development of these young cricketers.

Year 7 Boys

Staff: Rhys Barron & Sam Moore

Taranaki's Year 7 boys travelled to Hawke's Bay for a challenging and rewarding week of cricket, playing six matches across a variety of conditions and venues. The team finished with three wins and three losses, showing clear improvement in confidence, discipline and game awareness as the tournament progressed.

After two tough opening losses, the boys responded strongly with three consecutive victories, including an impressive win over previously unbeaten Auckland University and a thrilling four-run victory over Cambridge. The Cambridge match was a particular highlight, with the team defending a modest total and holding their nerve to take the final wicket with Cambridge needing just four runs to win.

The tournament provided valuable development opportunities for both players and coaches, with significant growth in bowling discipline, fielding intensity and the team's ability to respond under pressure. Despite the demands of six matches across the week, the boys continued to show resilience, belief and enthusiasm.

It was an excellent experience for the group, creating plenty of memories while providing a strong foundation for their continued development as young cricketers.

A special thank you goes to the coaches, families and supporters who helped make the week possible, including Mike Plant for his assistance with umpiring.

DEVELOPMENT PROGRAMMES
JUNIOR DEVELOPMENT TEAMS

Year 8 Boys

Staff: Mark Wales & Scott Taylor
The team finished with two wins and three losses, but the results only tell part of the story.

The camp provided a valuable opportunity for the players to experience more demanding cricket, with challenging conditions including temperatures in the mid-30s and a range of playing surfaces. There were several strong individual performances, including unbeaten and half-century contributions from Toby Wales, Bren Herbert and Henri Ballandis, while the bowling group consistently shared the workload.

Beyond the cricket, the camp provided an important development experience for the players, with new friendships formed and the boys gaining a greater understanding of the standards and expectations of high-performance cricket. The nightly Honours Board presentations, featuring Central Districts players, were a particular highlight and gave the players an opportunity to learn from cricketers at the next level.

Year 7/8 Girls

Staff: Anika Scott

Taranaki's Year 7/8 girls travelled to Masterton for the 2025/26 Development Tournament, producing an excellent campaign to finish third overall with three wins from four matches.
The girls made a strong start, chasing down Wairarapa's total with two overs to spare, before a narrow loss to a strong Havelock North side. They bounced back emphatically against Wellington, securing a 62-run victory after restricting their opponents to just 67. The tournament finished with another exciting win, as the girls chased down Wairarapa Year 6/7's total with just one ball remaining to secure third place.

The tournament provided a fantastic development opportunity, with the girls showing clear improvement in their cricket throughout the weekend. Strong contributions came across both batting and bowling, while excellent fielding and teamwork were a feature of the team's performances.
A special mention goes to Elsie Giesen, who was recognised as the team's Most Improved Player, while Amy Jones' outstanding 4/7 was a tournament highlight.

Congratulations to all the girls and coach Anika Scott on an excellent tournament and a fantastic development experience.

COMMUNITY CRICKET

JORDAN GARD
Community Development Coordinator

As Community Development Coordinator, I am pleased to present the Community Development section of the Taranaki Cricket Annual Report.

This season has focused on creating more opportunities for people across Taranaki to experience, enjoy and stay involved in cricket. From our youngest participants through to senior players, we have continued to work towards making cricket accessible, enjoyable and welcoming, while strengthening the connections between Taranaki Cricket, our clubs, schools and wider community.

A major focus has been taking cricket to where young people are. Through our Smash Play programme, TCA coaches visited 40 schools, reaching an estimated 5,000 children. Six senior clubs also hosted Smash Play Hubs, providing a welcoming introduction to cricket while strengthening connections between clubs and their communities.

Participation and enjoyment remained at the heart of our junior programmes. More than 80 teams took part across our junior competitions, while Festival Days, school events, holiday clinics, indoor cricket and the TSB Festival of Lights provided additional opportunities for children to play outside their regular competitions. Seeing more than 100 young cricketers enjoying an evening at Pukekura Park was a particular highlight.

We have also continued to focus on making cricket more inclusive. Our Girls Smash initiatives saw us engage with 371 unique girls through secondary school PE classes, alongside introducing an all-girls indoor cricket grade. Our involvement in the TSSSA All Abilities Sports Day was another valuable opportunity to support inclusive sport and learn from others working across the wider sporting community. Developing our junior pathway remains a key priority.

We have begun reviewing our junior rules and formats to ensure they provide positive experiences and appropriate challenges as players progress. Development clinics, including the Tom Bruce Clinic, as well as our winter and holiday programmes, also provided opportunities for players to continue learning and enjoying cricket outside the traditional season.

I would like to sincerely thank our clubs, schools, coaches, volunteers, players, parents, sponsors and community partners for their contribution throughout the season. Your support is vital to the continued growth of cricket in Taranaki.

Looking ahead, our focus remains on creating more opportunities to play, strengthening our relationships with schools and clubs, and ensuring cricket remains a sport that people of all ages and abilities can enjoy.

Jordan Gard
Community Development Coordinator

COMMUNITY CRICKET

SMASH PLAY

Smash Play junior and senior – tamariki is a cricket programme for children in Year 1 to Year 8 which is focused on providing quality experiences for all young cricketers. With a focus on game play, and values, our aim is for cricket to provide enjoyment, alongside the social and personal development playing sport with friends brings. Our coaches at TCA thoroughly enjoy running the Smash Play sessions and it's always met with engaged and enthusiastic children. **In Term 4, 2025 and Term 1, 2026, our TCA coaches went into a total of 40 schools, roughly 200 classes and based on 25 children per class, reached over 5,000 children!**

We're really looking forward to running these sessions again next season. We have put in place a plan to do more revisits in Term 1 next year which will help TCA be a continuous presence in the schools!

Club Hubs

This season, six senior clubs across Taranaki hosted Smash Play Hubs after completing an activator session with Taranaki Cricket. The hubs—run by club members including senior players—delivered four weeks of fun, game-based cricket sessions for junior participants.

Clubs in Inglewood, Stratford, New Plymouth, and Hawera led the way, with each hub averaging 25–30 children. The program strengthened club connections with their communities and gave senior players valuable coaching experience, while providing a welcoming entry point for young cricketers.

This is something we are running again in Term 4 of this year!

COMMUNITY CRICKET

TSSSA's All Abilities Cricket

TCA was proud to be involved in the TSSSA All Abilities Sports Day, held at TSB Stadium. Two TCA coaches attended the event, providing cricket activities and helping create an inclusive and enjoyable sporting environment for students with a range of disabilities. There were 50+ kids involved.

The day provided a fantastic opportunity to work alongside other sporting organisations and learn more about inclusive sport. It was particularly valuable to see the work of the Halberg Foundation and the passion, enthusiasm and commitment they bring to creating sporting opportunities for young people of all abilities. TCA enjoyed being part of such a positive day and looks forward to continuing to support inclusive sporting opportunities across Taranaki.

TSSSA Junior Cricket 6's

The TSSSA Junior Cricket 6's was another positive event on the TCA calendar, held at Vogeltown Park with several schools taking part. The event provided students with an opportunity to enjoy a fun and relaxed day of cricket, with the emphasis firmly on participation and enjoyment.

Our coaches enjoyed helping throughout the day and were impressed by the enthusiasm shown by both students and schools. A highlight was seeing schools embrace the spirit of the event, with teams dressing up and bringing plenty of energy and fun to the day. It was a fantastic celebration of junior cricket and a great example of how cricket can bring schools and young people together.

COMMUNITY CRICKET

Indoor Cricket

The Winter Indoor Cricket Competition provided junior players with an opportunity to stay involved with cricket during the off-season. The short-format pairs competition gave players a chance to keep their skills sharp, get plenty of time with bat and ball, and continue playing in a fun and relaxed environment throughout the winter months.

It was encouraging to see players continue to turn up and play cricket during the winter, and the competition provided a great bridge into the upcoming summer season. We saw a fantastic buzz around this friendly competition. We look forward to building on the competition and continuing to provide opportunities for junior cricketers to play throughout the year.

Every participant won some very cool prizes which they all enjoyed! Congratulations to the two teams who won the two age groups.

Festival of Lights Cricket

TCA was proud to be part of the TSB Festival of Lights with a special cricket evening held at Pukekura Park. More than 100 young cricketers came along to enjoy an evening of cricket, fun and plenty of opportunities to win prizes, all set against the backdrop of the park at twilight.

A real highlight was having members of the Whitaker Civil Men's and Bartercard Women's teams join us for the evening. Their involvement provided a fantastic opportunity for the kids to meet and interact with senior players, while also helping create a fun and memorable experience for everyone involved.
It was a great way to bring our cricket community together in a unique setting and showcase the enjoyment that cricket can bring outside of the traditional competition environment.

A huge thank you to TSB and the Festival of Lights team for their support and for helping us put on such a memorable evening for our young cricketers.

COMMUNITY CRICKET
PROGRAMS/CLINICS

Tom Bruce Clinic

The Tom Bruce Cricket Clinic provided a fantastic opportunity for young Taranaki cricketers to learn from one of the province's leading cricketing talents. Having Tom back in Taranaki and able to share his knowledge, experience and expertise with the next generation was a valuable opportunity for players to learn from someone who has experienced cricket at the highest level.

The clinic was designed to give players quality coaching while also allowing them to learn about the experiences and expectations that come with playing representative and professional cricket.

Unfortunately, after just a couple of sessions, Tom required surgery and was unable to complete the clinic. While this was disappointing, the sessions that were able to take place demonstrated the value of having experienced players such as Tom involved in our junior community programmes.

This is certainly an avenue we would love to continue in the future, providing young Taranaki cricketers with opportunities to learn directly from those who have progressed through the pathway and reached the highest levels of the game.

January Holiday Clinic

The January Holiday Cricket Clinic provided junior players with a great opportunity to get back on the field during the summer break. The clinic focused on developing fundamental skills through a mixture of fun activities, games and skill-based sessions.

It was great to see players from across the region come together, stay active and continue developing their cricket during the holidays. The positive engagement reinforced the value of providing development opportunities outside of regular club and school cricket.

With 20 involved in the year 1-4 age group and 18 in our year 5-8 age group. We are happy with the involvement and engagement

girls SMASH

This year, Taranaki Cricket introduced Girls Smash through a couple different initiatives. We continued our involvement with the High School's. Visiting New Plymouth Girls' High School and Sacred Heart Girls College for a minimum of 3 P.E sessions with each class. **We visited a total of 16 P.E classes, seeing a total of 371 unique girls**. We have already organised more sessions with these major schools for this season coming.

Our second initiative was an all girls indoor cricket junior grade. This grade was designed to be a fun introduction for girls who wanted to give cricket a go in a safe fun environment. This went well and we are looking at running a modified version Term 4, 2026.

COMMUNITY CRICKET
JUNIOR COMPETITIONS

JUNIOR SCHOOL/CLUB COMPETITION

Taranaki Cricket Association proudly delivers five Junior Cricket competitions across the region, catering to players from primary, intermediate, and high school levels. Each competition features 2–3 divisions, tailored to suit varying age groups and skill levels, ensuring an inclusive and competitive environment for all participants.

Of these, four competitions are based in North Taranaki, with one operating in South Taranaki, providing widespread access to junior cricket opportunities. Participation is slowly increasing, with 83 teams competing in Term 4 of 2025, and 81 teams involved in Term 1 of 2026.

We are in the proccess of revamping the junior rules. With help of Ryan Fleming and Sheryl Firth, we have already made some positive changes to our Kiwi cricket grade with some more changes set to come in for the upcoming season.

COMMUNITY CRICKET
SCHOOL FESTIVAL DAYS

PRIMARY SCHOOL FESTIVAL DAYS

Every year TCA runs a number of Festival Days for primary and intermediate students, competing for the Dean Robinson Trophy (Year 5-6 Boys), the Jamie Watkins Trophy (Year 7-8 Boys), and the Kate Ebrahim Trophy Year 7-8 Girls).

Trophy winners were:
Dean Robinson Trophy 2026: **Fitzroy School**
Kate Ebrahim Trophy 2026: **Mangorei School**
Jamie Watkins Trophy 2026: **Highlands Intermediate**

Congratulations to all our entrants and champions!

SECONDARY SCHOOL FESTIVAL DAYS

Aimee Watkins 1st XI Trophy Winners 2026: **New Plymouth Girls' High School 1st XI.**

Alistar Jordan 1st XI Trophy winners 2026: **New Plymouth Boys' High School 1st XI.**

Both boys' and girls' teams progressed to the Secondary School First XI Cup play-offs in Palmerston North.

Well done to **Stratford High School** who took on Inglewood High School in 2 T20's (clash of central Taranaki)! Some fantastic cricket played with the first game being a last over thriller. This is a new fixture that we hope to continue into the future.

COMMUNITY CRICKET

Women & Girls Cricket

Kotahitanga Girls Secondary School XI League

The Kotahitanga Trophy and Shield continues to be a great example of Taranaki Cricket's commitment to growing opportunities for secondary school girls. Initiated and developed by Taranaki Cricket, with support from Wairarapa Cricket, the competition was taken on by Central Districts Cricket last season, allowing the concept to grow across the wider region.

The initiative has now received national recognition, with the Kotahitanga Trophy and Shield awarded the New Zealand Cricket Outstanding Women & Girls Initiative Award. The award recognises the competition's role in bringing secondary schools together and creating meaningful opportunities for girls to play regular cricket, develop their skills and stay connected to the game.

Baker Tilly Staples Rodway Women's Cricket

The Baker Tilly Staples Rodway Premier Women's competition continued to provide an important platform for Taranaki's leading female cricketers, with the competition expanding to three teams this season with the introduction of the new Card Crazy Woodleigh side.

The season culminated in Merit RV NPOB claiming their third consecutive title, remaining unbeaten throughout the competition. Their final victory over Stratford was highlighted by an outstanding all-round performance from Caitlin Marshall, who finished the season as the competition's leading run scorer and also topped the bowling rankings.

The competition featured a strong mix of experienced representative players and emerging young talent, providing valuable opportunities for players to test themselves at Premier level. The introduction of Woodleigh was particularly encouraging, adding another team to the competition and creating further opportunities for female players to compete and develop locally.

The continued growth of the competition is an encouraging sign for women's cricket in Taranaki, providing players with the opportunity to compete at Premier level locally while helping develop greater depth within the female pathway.

A huge thank you to Baker Tilly Staples Rodway for their long-time support of women's cricket in Taranaki over the years and for helping make this competition possible.

COMMUNITY CRICKET
COACH DEVELOPMENT

LEAD THE CHANGE INITIATIVE

This season, we continued to grow and strengthen our coaching community across Taranaki. With a continued focus on providing accessible development opportunities, we supported coaches at all levels to build their confidence, knowledge and coaching capability.

Chris Coombe and Liam Muggeridge delivered four SmashPlay Coaching Hubs across Hawera Cricket Club, Stratford Cricket Club, NPMU and NPOBCC, attracting 26 coaches to complete SmashPlay and Foundation Coach development.

With the assistance of NZC Coach Development Trainer Mark Borthwick, Taranaki Cricket also delivered an Advanced Foundation Coaching Course, supporting nine coaches to take the next step in their coaching journey.

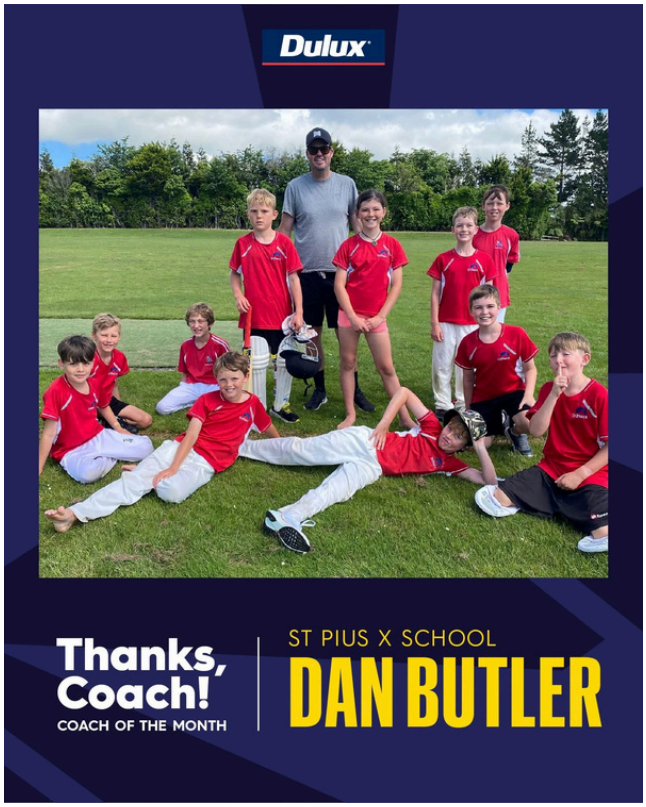

Four Taranaki coaches also travelled to Hawke's Bay to attend the Development Coaching Course, further strengthening the connection between our local coaching community and the wider Central Districts and New Zealand Cricket coaching pathway.

LEAD THE CHANGE COACHING BADGES

Now entering its third year, the Lead the Change initiative continues to recognise and celebrate the coaches who give their time to Taranaki Cricket and our wider cricket community.

This season, we are proud to see coaches progressing through the badge system, with our first coaches now reaching Gold level in recognition of their ongoing coaching and volunteering contribution to Taranaki Cricket.

Bronze: 52
Silver: 17
Gold:18

A special congratulations also goes to Dan Butler, who was recognised by New Zealand Cricket as the Community Coach of the Month for February, following his outstanding contribution to St Pius X School in New Plymouth.

We thank all of our coaches and volunteers for the time, energy and passion they continue to give to cricket across Taranaki. Their contribution is critical to developing the next generation of players and strengthening our clubs and schools.

COMMUNITY CRICKET
COACH DEVELOPMENT

Coaching Higher Honours

Taranaki coaches continue to make their mark within the Central Districts pathway, with several of our coaches taking on key leadership roles across representative cricket.

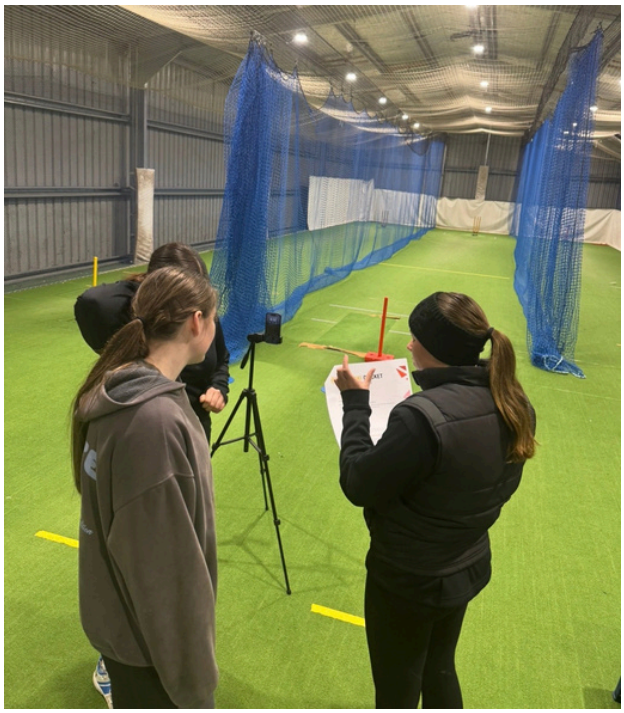

Chris Coombe and Kurt Leuthart once again took the reins of the Central Districts Under-17 and Under-19 Boys teams, leading the pathway programmes in Lincoln.

Amy Foreman, together with Kerry Tomlinson, took charge of the Central Districts Under-19 Girls team, continuing Taranaki's strong contribution to the development of female players within the region.

It is fantastic to see Taranaki coaches continuing to lead and influence the Central Districts pathway, bringing their knowledge and experience to representative teams while helping develop the next generation of players.

Their continued involvement at regional level is a reflection of the quality, commitment and progression of our coaching community here in Taranaki.

We are proud of the coaches representing Taranaki Cricket across the Central Districts pathway and look forward to seeing their continued growth and influence in the seasons ahead.

HIGHER HONOURS

It is with great pleasure that we congratulate our hard-working Taranaki cricket players and coaches who have achieved higher honours this season.

Their dedication and commitment to the sport have paid off, and their success is well-deserved. It is a great achievement to be recognized at higher levels of cricket, and we are proud to see the their efforts being acknowledged.

Their success is an inspiration to others, and we work towards seeing more players from our region reach these heights in the future.

We extend our congratulations to the players and their families, coaches, and support staff who have played an instrumental role in their development.

Statement of Accounting Policies

Taranaki Cricket Association Incorporated
For the year ended 31 July 2026

Basis of Preparation

Taranaki Cricket Association Incorporated is an Incorporated Society in accordance with the Incorporated Societies Act 1908. These Financial Statements are special purpose financial statements which have been prepared for internal management and funding purposes.

The accounting principles recognised as appropriate for the measurement and reporting of earnings and financial position on a historical cost basis have been used, with the exception of certain items for which specific accounting policies have been identified.

Goods and Services Tax (GST)

The entity is registered for GST. All amounts are stated exclusive of goods and services tax (GST) except for accounts payable and accounts receivable which are stated inclusive of GST.

Income Tax

Taranaki Cricket Association Incorporated is wholly exempt from New Zealand income tax having fully complied with all statutory conditions for these exemptions under CW46 of the Income Tax Act 2007.

Bank Accounts and Cash

Bank accounts and cash comprise cash balances and bank balances (including short term deposits) with original maturities of 90 days or less.

Changes in Accounting Policies

There have been no changes in accounting policies. Policies have been applied on a consistent basis with those of the previous reporting period.

Revenue Recognition

Grants received are recognised in the statement of financial performance when the requirements under the grant agreement have been met. When there are unfulfilled conditions attaching to the grant the amount relating to the unfulfilled condition is recognised as a liability and released to income as the conditions are fulfilled.

Interest income is recognised as it accrues using the effective interest method.

Fees, subscriptions, sponsorship, affiliation and other revenue received from members is recognised when the related services are rendered. This recognition aligns with the proportion of services performed during each reporting period. Any fees received for services scheduled for future periods are initially recorded as a liability and recognised as revenue once the services are provided.

Sponsorship revenue is recognised on a straight line basis across the sponsorship terms.

Fixed Assets & Depreciation

The entity has the following classes of fixed assets:

- Furniture & Fittings
- Leasehold
- Office Equipment
- Plant & Equipment

All fixed assets are recorded at cost or valuation less accumulated depreciation.

Depreciation of the assets have been calculated at the estimated useful life of the assets. The rates used are shown on the Depreciation Schedule attached.

Investments

Investments are carried at the lower of cost and net realisable value.

Receivables

Receivables are stated at their estimated realisable value. Bad debts are written off in the year in which they are identified.

Notes to the Performance Report

Taranaki Cricket Association Incorporated
For the year ended 31 July 2026

1. Review

These special purpose financial statements have been prepared at the request of the General Manager and the Board and have not been subject to a review or audit engagement.
